Vern Reynolds, a local farmer, paid \$25.00  
for this used International Harvester  
two-bottom plow in the 1950's. This plow,  
known as "The Little Genius", was made  
from 1928-1963. The later built plows  
were equipped with rubber tires, a big  
improvement over the steel wheels.  
Similar plows were used during the plowing  
contests held here in 1948. This once rusty  
old plow was restored to its original colors  
in 2009.  
Donated by the family of  
Vern and Arlene Reynolds
